

National Chemistry Week

Chemistry of Fibers & Forensics

October 16, 2016 – Museum of Science, Boston

Phyllis A. Brauner Memorial Lecture by Dr. Bassam Shakhshiri

Dr. Bassam Shakhshiri is a Professor of Chemistry at the University of Wisconsin-Madison and is the William T. Evjue Distinguished Chair for the Wisconsin Idea. Professor Shakhshiri has captivated audiences with his scientific demonstrations at a variety of locations including Boston's Museum of Science, the National Academy of Sciences and the Smithsonian's National Air and Space Museum in Washington.

Taking place in Cahners Theatre (2nd floor, Blue Wing) at 1:00pm and 4:00pm

*Admission to the museum is required. Free tickets to Dr. Shakhshiri's show will be available on a first come, first serve basis. Tickets are available via advance reservation. To reserve tickets, please contact the NESACS secretary via email secretary@nesacs.org before October 11, 2016. Tickets will be available for pick-up in the lobby of the museum at the ACS table.

Hands-on Activities Related to Forensics Science

From 1pm – 5pm, NCW volunteers will be on-hand to perform demonstrations and assist in hands-on activities suitable for all ages

October 22, 2016 – Boston Children's Museum

A crime has been committed at the museum, and we need YOU to solve it! Learn how to take fingerprints, analyze blood types, use chromatography to identify different substances, and lots more, all using the power of chemistry. Can you solve the mystery and find the suspect?

Come join our NCW volunteers from 11am – 4pm for hands-on activities suitable for all ages

*Admission to the museum is required

Solving Mysteries Through Chemistry
